#### Manpower Inc. Reports 3rd Quarter 2009 Results

MILWAUKEE, WI, USA, October 21, 2009 – Manpower Inc. (NYSE: MAN) today reported that earnings per diluted share for the three months ended September 30, 2009 were a loss of 64 cents compared to a loss of 55 cents in the prior year period. Revenues for the third quarter were \$4.2 billion, a decrease of 26 percent from the year earlier period, or a decrease of 22 percent in constant currency.

Third quarter 2009 results include a loss on the sale of an equity investment and a goodwill impairment charge totaling \$71.3 million (\$66.3 million after tax) or 84 cents per diluted share. Also included in third quarter results is a \$7.5 million (\$4.6 million after tax) or 6 cents per diluted share charge related to the repayment of our revolver borrowings and the extinguishment of an interest rate swap agreement in October. Excluding these charges, third quarter net earnings would have been \$20.5 million, or 26 cents per diluted share.

Third quarter results were unfavorably impacted by 2 cents per diluted share as foreign currencies were relatively weaker compared to the third quarter of 2008.

Third quarter 2008 results include a goodwill and intangible asset impairment charge of \$163.1 million (\$154.6 million after tax) or \$1.97 per diluted share.

Jeffrey A. Joerres, Manpower Inc. Chairman and Chief Executive Officer, said, "We continued to experience sluggish demand for our services as the labor markets throughout the world were hampered by lack of demand for companies' products and services. All of our major operations contributed to our better than expected profitability as revenue across the board was marginally stronger, however, the uptick in revenue is muted at this time compared to previous recoveries.

"The increases that we have seen in our revenue over the last quarter indicate that our decisions to preserve our office network at its current level are appropriate. We will continue to monitor the environment and make modifications if we experience deterioration in the existing trends.

"While the current economic environment makes forecasting demand for our services difficult, we anticipate the fourth quarter of 2009 diluted earnings per share to be in the range of \$.17 to \$.27, which includes an estimated positive currency impact of 3 cents," Joernes stated.

Earnings per diluted share for the nine months ended September 30, 2009 were a loss of 37 cents compared to earnings of \$1.75 per diluted share in 2008. Net earnings were a loss of \$28.8 million compared to net earnings of \$139.7 million in the prior year. Revenues for the nine-month period were \$11.6 billion, a decrease of 31 percent from the prior year or 23 percent in constant currency. Foreign currency exchange rates had an unfavorable impact of 5 cents for the nine-month period.

Earnings per diluted share for the nine month period in 2009 include the loss on the sale of the equity investment and goodwill impairment charge totaling 84 cents, the charge of 6 cents related to the repayment of our revolver borrowings and extinguishment of an interest rate swap, and the first and second quarter reorganization charges totaling 17 cents. Earnings per diluted share for the nine month period in 2008 include the goodwill and intangible asset impairment charge of \$1.93 (based on the weighted average shares for the nine-month period) and a net charge of 18 cents recorded in the second quarter related to an increase in our legal reserve and recoverable 2005 payroll taxes in France.

(a) Our segment reporting was realigned during the first quarter of 2009 due to a change in management structure. Other Americas and Asia Pacific, previously reported in Other Operations, are now separate reportable segments. The United States and Other Americas reportable segments are reported as Americas. The Italy and Other EMEA reportable segments are reported as EMEA. Historical amounts have been restated to conform to the current year presentation.

(b) In the United States, revenues from services include fees received from our franchise offices of \$7.4 million and \$13.8 million for the nine months ended September 30, 2009 and 2008, respectively. These fees are primarily based on revenues generated by the franchise offices, which were \$323.7 million and \$602.7 million for the nine months ended September 30, 2009 and 2008, respectively.

(a) Effective October 16, 2009, we amended our Revolving Credit Agreement. The amendment reduces the size of the facility from \$625M to \$400M and revises covenant levels and pricing. The amended agreement requires, as of September 30, that we comply with a Debt-to-EBITDA ratio of less than 3.25 to 1 and a fixed charge coverage ratio of greater than 1.50 to 1. As defined in the agreement, we had a Debt-to -EBITDA ratio of 2.83 and a fixed charge coverage ratio of 1.95 as of September 30, 2009.

On October 16, 2009, we elected to repay the €100M (\$146M) borrowing under the agreement and terminated the related interest rate swaps. There are currently no outstanding borrowings under the agreement.
